No purchase is required in order to enter the Contest.

To be eligible to enter the *Running Electric Contest*, you must sign up at www.roulonselectrique.ca using the Contest registration form or during a test drive event organized as part of the Running Electric campaign when confirming your reservation on site.

By entering the Contest, you acknowledge that you have read the official Contest Rules and will comply with them.

There is a limit of one entry per person and per e-mail address for the duration of the Contest regardless of the number of email addresses held by the contestant. A contestant can do several test drives during the Contest period, however, only one entry per individual will be retained.

2. ELIGIBILITY

The Contest is open exclusively to Canadian residents residing in the Province of Québec who are 25 years of age or over on the Contest start date.

The Contest is open to the public from June 1st, 2020 to December 31st, 2020.

3. PROCEDURE FOR AWARDING PRIZES

After the Contest closes, a random draw will be held among all eligible entries received during the Contest period.

The contestant randomly drawn will win the Contest and receive an electric Chevrolet BOLT, for a rental of 12 months, courtesy of Lussier Chevrolet as well as a FLO Home charging station including installation, subject to fulfillment of all of the conditions described in these Rules.

The draw will be held by an Équiterre employee on January 5th, 2021, at 1:00 p.m., at the offices of Équiterre in Montréal, located at 50 Ste-Catherine Street West, Suite 340. The winner's name and photo may be published in one of Équiterre's publications or during an Équiterre event. The winner will be informed by email on the week of the draw as to how to pick up the prizes.

If the designated winner does not reply to Équiterre within 10 days of receiving this email, Équiterre reserves the right to award the prize in question in another draw among the contestants.

4.1 DESCRIPTION OF PRIZES

The winner will receive:

- A one-year rental of a BOLT Chevrolet electric vehicle offered by **Lussier Chevrolet** for a value of **12 000\$**. The vehicle in question will be identified with the colors of Leviko Hyundai and his collaborators. The vehicle must remain identified for the first 3 months of use.
- A FLO Home charging station for electric vehicles, from the company **FLO**, including installation, up to a maximum value of \$2,500.
- A \$250 credit with the Electric Circuit public charging network.

The winner of the *Rolling Electric Contest* must hold a minimum Class 5 driver's licence, valid for the duration of the rental, that is, for one year as of the signing of the rental agreement. If the winner does not have a driver's licence, he or she will be deemed to have renounced the prize and another random draw will be held.

The approximate total value of these prizes is: 14 750\$

4.2 PRIZE PICK-UP

Once the winner has been chosen, he or she must provide certain information to our partners:

- **Lussier Chevrolet (Bolt electric vehicle)**
 - With respect to the rental of the Chevrolet BOLT electric vehicle, the vehicle can be delivered directly to the winner's home, free of charge, if he or she does not live in Montreal City or the surrounding area. For those living in the city of Montreal and its surroundings, he or she will have to go to the Lussier Chevrolet Buick GMC Corvette Ltée dealership located at [3000 Rue Dessaulles, Saint-Hyacinthe, QC J2S 2V8 \(https://www.lussierchevrolet.com/fr\)](https://www.lussierchevrolet.com/fr)
 - The winner must sign a rental agreement that stipulates the proper use of the vehicle for the period in question. The winner will also receive information from the representative on how to operate and use the vehicle. Among other things, the winner needs to have an auto insurance that covers both sides, as much damage you could cause to others as damage to the vehicle loaned and including rider 27 (insurance that covers damages to a vehicle that is loaned or leased) so that the vehicle can be recovered and used during the negotiated period. Finally, Leviko agrees to cover the costs of maintaining the vehicle in proper conditions during the period negotiated but the repair costs, if any, will be at the expense of the winner. (covered by his insurance)
 - Please note that the vehicle loaned to the winner by Lussier Chevrolet must be exchanged for another equivalent Chevrolet BOLT before reaching 8000 km on the odometer. Lussier Chevrolet also reserves the right to

collect the vehicle to exchange it for a similar model before the 8000 km mileage is reached.

- The winner will have to make sure not to exceed the mileage mentioned above and this under penalty of having to pay \$ 13,000 (the discount that can be obtained on a new electric vehicle that has less than 8 000 kilometers on the odometer). Once close to 8,000 kilometers on the odometer, the winner must get in touch with Lussier Chevrolet and the latter undertakes to exchange in store or have the winner deliver a new electric Chevrolet BOLT of the same year, if the distance justifies it. The delivery and recovery costs are, in these cases, assumed by Équiterre and this up to the occurrence of 4 exchange opportunities for the duration of the one-year contract.
 - Finally, over the full rental year, the winner agrees not to exceed a total of 20,000km with all of the vehicles loaned.
- **FLO (home charging station)**
 - To obtain the home charging station, the winner must provide the FLO company with his or her postal address and the station will be sent directly, free of charge. The cost of installation will be paid by Équiterre, up to a maximum of \$1,500. The installer must be a certified electrician, who will be required to send the invoice for the work directly to Équiterre's e-mail address: infos@roulonselectrique.ca. In the event that installation of the charging station is not possible for various technical reasons, or that an agreement cannot be reached with the other tenants or group of owners, or that the costs exceed \$1,500, Équiterre will not provide in cash the value of the installation or will not assume any costs exceeding \$1,500.
 - **Electric Circuit (charging credit)**
 - The winner can open an account at <https://lecircuitelectrique.com/signup> to order a charging network card from Electric Circuit (the winner must pay a \$10 fee), which will be sent in the mail. Once the card has been received, the winner must send the account number to Équiterre (to this address: infos@roulonselectrique.ca) so that a \$250 charging credit can be added to it.
